

Your first choice for load cells.

The most comprehensive line of load cells and weigh modules – backed by unbeatable delivery speed and service support.

Selection, Speed
and Service is the
360°
APPROACH

Outstanding Selection

We stock the largest selection of load cells and weigh modules in the world, from general purpose to heavy capacity and high performance. Our team has over 200 years of combined industry experience to help you choose the right load cell for your application.

Speedy Delivery

Our shipping department is open Monday through Friday from 6:30 am to 7:00 pm and Saturdays from 8 am to noon Central Time. Most products ship the same day they are ordered.

Top Notch Support Tools

Review how we close the loop with the very best load cell service support—24 hours a day, 365 days a year!

- Call our phone support team six days a week to help with selection and installation needs; after hours support is available when critical issues arise
- Attend in-person training through Rice Lake's Technical Service School
- View additional resources anytime, anywhere in our Load Cell and Weigh Module Resource Center at www.ricelake.com/lcwm and access our **Load Cell Wiring Guide** Web application at <http://www.ricelake.com/scaletools>
