handrail scale

RICE LAKE'S 260-10-1 DIGITAL HANDRAIL SCALE is designed for patients who need extra support and safety during weighments. Motiontrap™ movement compensation technology eliminates errors caused by involuntary movements, providing a stable weight reading every time. Integrated wheels make it simple and effortless to move the scale between rooms, or in and out of storage. The 260-10-1 features 10 front panel keys for quick access to popular functions, including print, zero, hold and release, BMI and tare. The 260-10-1 is EMR capable and comes standard with an integrated USB port.
