Subj: Extension of Current VCAP Certification

Dear Mr. Murray,

This letter confirms that the NCWM has extended the Manufacturing and Private Labeling VCAP certification of Rice Lake Weighing Systems-Kent and Measurement Systems International to June 1st, 2025.

The extension is being provided as the NCWM was not able to perform the audit in sufficient time to issue new VCAP Certificates of Compliance before the expiration date of the current certificates.

This extended certification time will cover the time between the current expiration date and the issuing of the new certificate.

If there are any questions related to this extension, please contact the NTEP Administrator for clarification.

Sincerely,

Jeff Gibson
