

H651-10-2

BABY SCALE

The Rice Lake Healthweigh® baby scales precisely weigh even the most active babies, up to 20 kilograms. Motiontrap™ movement compensation technology compensates for involuntary movements and provides a stable, accurate weight reading. Enhanced precision is essential especially when weighing infants. The H651-10-2 provides precise weighments from zero to 0.005 kilograms with accuracy. A two-sided removable tray keeps babies safe and a built-in measuring tape ensures quick and easy measurements.

FEATURES

- LCD display
- Unit of measure kg or lb
- Automatic shut-off for long battery life
- Low battery annunciator
- Motiontrap™ movement compensation technology
- Built-in measuring tape
- Serial and USB data communication ports
- Tare function
- Hold function
- Zero function
- Print function
- Reweigh function
- BMI (body mass index) function

SPECIFICATIONS

Capacity:

20 kg × 0.005 kg

Power:

Rechargeable NiMH battery pack with 9 VDC adapter, 120V/230V auto switching

CEE 7/16 Plug 

Battery Use:

LED indicates batteries are charging (red) or fully charged (green)

Measuring Tape:

0 to 60 cm × 0.25 cm

Operating Temperature:

10 °C to 35 °C

Display:

5-digit LCD display, 1.9 cm digit height

Approvals:

CE
c-Met E113986
OIML Class III

Warranty:

Two-year limited
