

Does not represent standard models (Shown with additional optional features)

## Specifications

### Load Cells:

Four hermetically sealed IP68

### Regulatory Compliance:

HACCP, FDA, Class 10,000 clean rooms (US Federal Standard 209D)

### IP Rating:

IP68

### Cable Length:

6 m (19.7 ft)

### Warranty:

Two-year limited, pending evaluation

## Standard Features

- Capacities from 330 to 6,614 lb with resolutions up to 30,000 d
- Various portability options utilizing the unique MoveLine weighing platform
- Ultra low profile: standard platform height
- Material/surface finish: 304 bead-blasted stainless steel
- Drive-on ramp included with every platform
- No pit required
- Convenient for application-oriented weighing systems from processing to the chemical industry
- All units built for easy cleaning and disinfection to meet HACCP and FDA requirements for the food/ pharmaceutical industries

## Optional Configurations

- L6: IP69K kit
- T4: Stop bar
- T9: Bottom plate
- T5: Towing bar
- T6: Two handles, two rollers
- T13: Four handles
- T14: Integrated column
- T15: 2nd ramp
- Pressure lift (not available for 30,000 d models)

Note: Consult factory for lifting device options and compatibility of combined options

## Applications

- Pharmaceutical, chemical, electronics, food processing, precious metals, metal production and processing
