560-10 digital chair scale

RICE LAKE'S 560 DIGITAL CHAIR SCALE is efficiently designed for accurate and repeatable measurements for patients who find it difficult to walk or stand. Two armrests and two footrests can be lifted separately, ensuring easy patient access. With four swivel caster wheels, including two rear locking wheels, the 560 digital chair scale allows health care professionals to quietly and effortlessly bring the scale to the patient. Attached behind the back rest, the weight indicator is simple to use and easy to read. Movement compensation technology eliminates inaccuracies caused by movement during the weighing process.

Capacity	660 lb (300 kg)
Graduations	0.2 lb (0.1 kg)

Two rear-locking caster wheels help maintain a stationary position to ensure a safe weighing process.

Arm handles and footrests lift up for easy access and exit.
