

ARE YOU MISSING OUT ON SALES?

Capture untapped business by taking advantage of one of the largest vertical markets in the measurement industry: **dimensioning systems.**

SALES & INSTALLATION IN 4 EASY STEPS

1

Identify current customers with shipping departments

2

Use Rice Lake's dimensioning questionnaire to understand application needs

3

Contact Rice Lake experts for guided sales support. Rice Lake can recommend the right dimensioner and describe the network integration process for your customer's IT team.

4

Rice Lake field technicians are available for assistance and training on installations.

Customers should see ROI
in **6 months** or less
