CERTIFICATIONS	NTEP, OIML and MID certified Suitable for legal-for-trade applications
INSTALLATION SPECIFICATIONS	Size: 13.25 x 9.75 x 8 in (34 x 25 x 20 cm) Mounting height: 150 or 200 cm (59 or 78.75 in) Weight: 12 lbs (5.5 kg) Electrical: Single 110-240v power source Communications: Ethernet

HIGHLIGHTS

- Instant certified dimensions, weight and a picture of nearly any parcel, including irregular shapes such as tubes, polybags, and stacked items
- Superior optics yield a high-resolution image and support barcode and OCR reading
- High-productivity features include automatic triggering, forgiving alignment, irregular shape recognition, and intuitive software
- Simple interfacing with scales, barcode readers, networks and nearly all shipping and warehouse management software

OTHER FEATURES

- NTEP, OIML and MID certified.
  Suitable for legal-for-trade applications.
- Virtually maintenance-free
- Works with or without a scale
- Designed, assembled and supported in the USA

OPTIONS

MATRIX ENTERPRISE™ SOFTWARE

Every QubeVu comes complete with all required software. Add Matrix Enterprise, and you'll have total visibility and centralized control of your QubeVu devices and scan data. It works with every QubeVu in your operation, uniting your devices into a seamless, dashboard-driven network. An invaluable productivity tool.

PERIPHERALS AND ACCESSORIES

QubeVu Industrial supports most peripherals including scales, barcode readers, and operator displays. Peripherals can be purchased as an option, or in many cases you can use your existing equipment if preferred.

We also offer a comprehensive selection of mounting accessories and mobile-powered carts.
